Published by
The Class of 1965, New Bedford Vocational High School

# Foreword

Our years of growing pains have finally ended. All the freckled and awkward adolescent years are done. We came as Freshmen to a new world and a new challenge and now we leave, still Freshmen in a sense, for a newer world and bigger challenges. But we leave a little bigger and a little better for the four years we spent here at Vocational.

We leave with regret for all the friends we have made, for all the memories we shall cherish, for the activities in which we participated and classes we attended. We leave richer and fuller and better human beings; and nothing more should be said or could be said or need be said.

We, each member of the Senior Class of '65, wish to express our gratitude to those who made these years, our "golden years," to be treasured and cherished forever.

The Senior Class of 1965 leaves us during a period in history when a great awareness has finally stirred both the public, and the professional general educators to the importance of Vocational Education. It is interesting to note confirmation of the sound basic philosophy of vocational education in the "Summary Report of the Special Commission on Education in Mass." wherein it states, "In today's concepts an educated person has acquired as part of his education some saleable skills; else his education is incomplete . . . at the end of it he should be equipped to take a place in the economic and vocational world."

To achieve this purpose you have had the assistance and understanding of a most competent and dedicated faculty and staff. You have also been blessed with parents who realized the importance of education and were willing to make the necessary sacrifices to help you obtain it.

Your appreciation for all who have helped to make your graduation possible can best be demonstrated by your willingness to accept and discharge your responsibilities as good citizens . . . constantly aware that your finest contribution to our way of life is service to your fellow man.

I join with the Board of Trustees, the Faculty, and the Staff in wishing you a very happy and abundant life.

As you graduate from this school after four years, you must realize that most of your life is before you. The phase through which you have passed up to this moment has been beneficial to you. Use it as a foundation and endeavor to reach the goal set by yourself.

Please accept my best wishes for continued success and happiness.

# FACULTY

# DEDICATION

WILLIAM NORTON

It is with great pleasure that the 1965 Senior Class of New Bedford Vocational High School dedicates its yearbook to Mr. William Norton in appreciation of his thirty-four years of dedicated service to New Bedford Vocational High School. Mr. Norton has been elected to the office of President of the Massachusetts Vocational Association. He also has been head coach of Varsity baseball for fourteen years. Because of his contribution, the Seniors take great pride in dedicating their yearbook, the Mariner, to Mr. William B. Norton.

# DEDICATION

Mrs. June C. Stringer

The Senior Class also dedicates its yearbook to Mrs. June C. Stringer. Mrs. Stringer has taught the Sophomore and Senior Girls at Vocational High for five years. Her classroom teaching methods have helped Senior students to comprehend more easily the formulae and problems of Chemistry. It is with pleasure, then, that the Senior Class dedicates its Mariner, 1965 to Mrs. June Stringer.

# In Memoriam

In memory of Evelyn M. Murray, who from 1935 until her unexpected death on November 17, 1964, was a loved and respected member of our faculty. Always a firm believer in homemaking education, she had a sincere interest and faith in the future of our school. Those who were privileged to attend her classes knew her as an excellent teacher who made learning a pleasure. Her friendly nature, gentle humor, generosity and kindness shown when it was most needed will not be forgotten by those who knew her.

# COACHES

# Basketball

The 1964-65 edition of Voke basketball saw a new head coach at the helm in the person of Mr. Edward Lowney. He was in command of several veterans of previous campaigns. Among the returnees: Gene Miggins, Dave Loveridge, Ken Soares. Coming up from the Jayvees and expected to contribute significantly to the effort were Rene Pothier and Bob Therrien. Newcomers Jim Howard, Frank Angelo, and Joe Gonsalves added to the scoring punch.

Though generally lacking in height, the squad expected to hold its own in the Bristol County League.

Voke's first game was an impressive win at the expense of North Attleboro High.

In the second game of the season, a much taller Taunton High School squad defeated Voke by thirteen points, but the game was a "nip-and-tuck" affair for three quarters, as spunky Dave Loveridge showed the way, leading both teams with a net of thirty points.

# Football

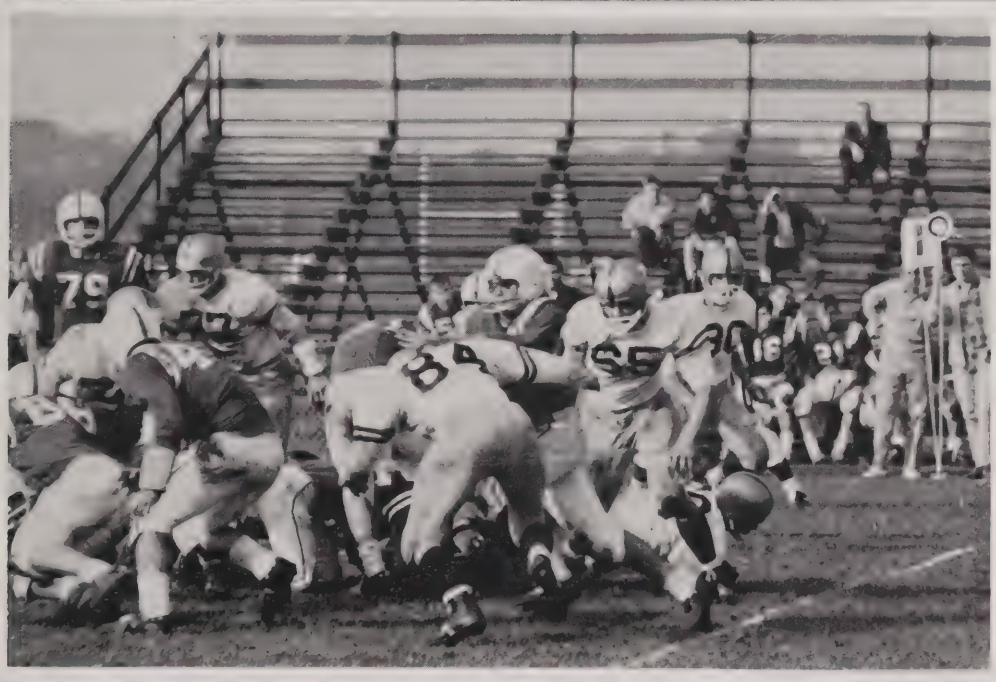
The fortunes of the 1964 football squad were far from impressive, yet there were some outstanding achievements. Never did this group quit in spite of the scores of their opponents. The '64 edition of Voke football numbered forty men, only three of whom will be among the graduating class.

This indicates that next year's record will be a good deal better.

Seniors Capt. George Theberge, Co-Capt. Glenn White, and Varsity End Bob Wilkinson, top performers all years, led the squad with great examples of courage, sportsmanship, determination and self-sacrifice. No seniors could have shown more devotion to their fellow players.

Voke, with no returning backfield, and few line veterans, suffered from overall inexperience. Half-time scores in four of the eight games: Coyle 8-0; Attleboro 6-0; North Attleboro 0-0; and Fairhaven 6-0, indicates that this novice club played good football only to see inexperience beat them. In the second half vs. Taunton we pushed over two scores to tie a good Taunton team at 12-12.

It is with deep regret, but sincere appreciation that the team says Good-by to our graduating members. We promise George, Glenn and Bob that our first victory in '65 will be payment for their generous sacrifices.



# Soccer

Voke's 1964 record showed 4 wins, 4 losses, 4 ties. Capt. George Amaral and John Quintal were named to the 1964 All-Stars. Voke scored 12 out of a possible 24 points on the season.

# Baseball

The 1964 baseball season opened with great promise. Six veterans returned: Jimmy Ruel, George Sharp, Paul Roza, Dick Sauve, Bill Chevalier, Gerry Costa, Frank Cunha, and Ken Soares. Injuries and miscellaneous situations removed Cunha, Sauve and Sharp from the regular lineup. The team gained momentum after the first few games. The final tally was nine wins, and eight losses.

Ken Soares was the mainstay of the team, serving as pitcher and outfielder. Gerry Costa was the big sticker, coming through in several tight game situations.

The '65 season will be mainly one of development. We look forward to some very likely freshman candidates. Coach Norton will be assisted by a new addition to the coaching staff, Mr. Simmons.

# *Golf*

Coach: Mr. George Bettencourt.

New Bedford Vocational High School golf team participated in the Bristol County Scholastic Golf League. Voke's record was one win and ten defeats. The team's victory came against Taunton High, 5½ to 3½.

Three players were entered in the State qualifying at Pocassett Country Club. Neil Allison was one of the qualifiers with a 75 for the state championship. Seven boys made up the team in 1964, and all are expected to play again in 1965.

# Track

The 1964 winter track season ended on a note of optimism, as the Artisans who ventured forth over the chafed boards of the Holt track wrote "finis" to the winter season with a resounding victory over Monsignor Coyle High School of Taunton.

The loss of veteran Bob Edwards and the continuous injuries to sprinter and team captain George Sylvia, however, during the spring season, proved too great a handicap for the team, and the victorious season hoped for failed to materialize.

Bright lights did appear for the 1965 season, as Richard Barrett, novice high jumper, showed to considerable advantage throughout the season in his specialty, attaining a degree of notoriety among the league's field event men with his jumps of 5′ 7″ and 5′ 8″. Incoming junior high school track men were also encouraging signs of renewed track prominence for New Bedford Voke.

For the second time in three years, Francis Holt, retired Voke track mentor and instructor, returned to the helm at his "alma mater" to fill a void left when Voke's coach, George Rogers, was elected to the Massachusetts General Court from the Seventh Bristol District.

Elected to the post he had held three years earlier, Mr. Holt, as president of the Southeastern Mass. Winter Track League, announced the start of the winter season as of December 14, with ten schools entered. Voke looked to its third season of chilly competition with few returning veterans, but new, and hustling Freshmen. Mr. Holt was slated to remain at the head coast spot for the 1965 spring season, as well.

# Girls' Basketball

With Miss Alberta Silveira at the helm for the second year, the Girls Basketball team looked to a rewarding season of seven games, as follows:

| | | |
|---|---|---|
| January | 8 | vs. Apponequet |
| | 13 | vs. New Bedford High |

# *Key Club*

The Key Club is a service organization sponsored by the Kiwanis International, and is dedicated to serving the needs of the school and the community. An all-male group, the Key Club carries on several fund-raising campaigns during the year in order to carry out its civic and charitable work. The boys who belong learn by their work that life can be much more rewarding if more attention is paid to spiritual rewards rather than material, thereby strengthening their moral fiber and character and providing future citizens with more responsible attitudes.

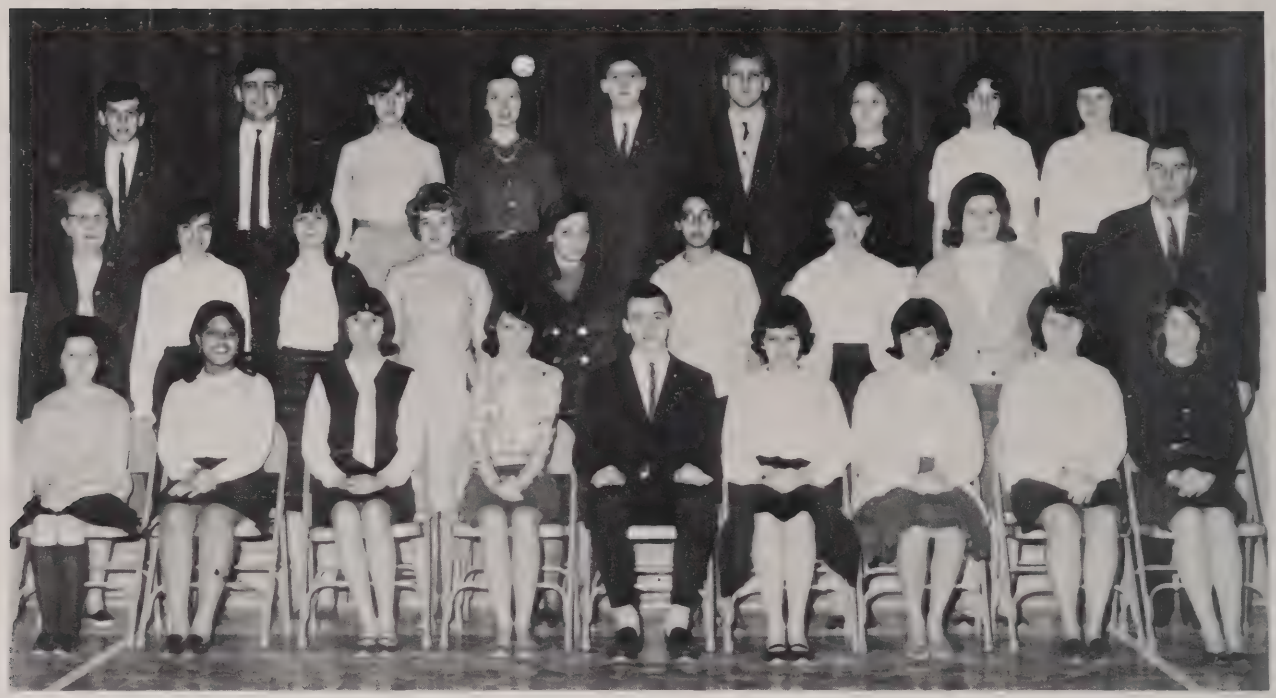
# The Traffic Squad

The Household Arts Department boasts an earnest and efficient Traffic Squad.

The duties of the Squad include keeping traffic moving smoothly in the corridors, seating girls in the auditorium at assembles, checking lines in the cafeteria and aiding in the management of the locker-room.

The Squad holds an annual record hop to raise funds for its yearly field trip to either Plymouth or Boston.

# Honor Society



The Honor Society is five years old this year, and there are thirty members in the organization. The annual induction ceremony was held on October 28, at which time seven boys and six girls were admitted to membership.

The Honor Society is a service organization under national sponsorship. It is the club's aim to encourage high standards of scholarship, character and leadership, service to the school and to the community.

The Honor Society plans each year to donate money to the Student Welfare Fund and to present a permanent gift to the school. This year's gift is the extensive landscaping around the main entrance to the office. This was made possible through the efforts of the members in selling baked goods and book-covers.

Membership in the Honor Society should be the aim of all students who aspire to college educations.

Past membership in the Honor Society is a wonderful recommendation for anyone entering college.

OFFICERS:

*President*: Wilfred Fournier
*Vice-President*: Patricia Sylvia
*Secretary*: Linda Dubay
*Treasurer*: Elaine Morris

# The Future Nurses Club

The Future Nurses Club was organized in 1958. A large per cent of former members are now graduates of both three-year schools of nursing.

The officers of the club for 1964-65:

Jacqueline Britto ..... President
Dolores Silva ..... Vice-President
Rose Sanchez ..... Secretary
Sheila Dubay ..... Treasurer

The club advisors are Mrs. Mary E. Wobecky, R.N., and Mrs. Doris L. Wilson.

The club meets on the second Monday of each month during the school year. The activities include speakers at meetings, one field trip to a neighboring hospital, and a Christmas party given to the residents of the New Bedford Home for the Aged.

This year the club has twenty-two members, and they have successfully completed a sale of candy to raise money (one hundred dollars) for the Future Nurses Scholarship Fund.

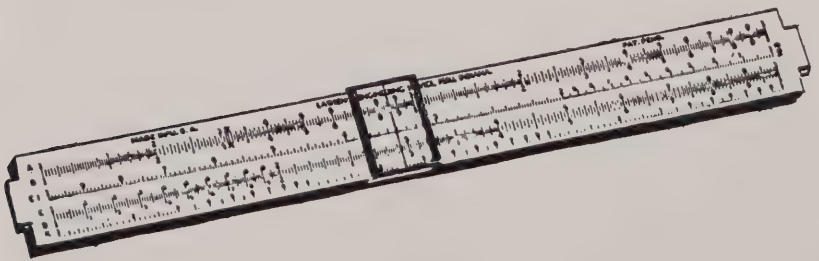
# *Slide Rule Club*

Throughout this past year the "Slide Rule Club" held its weekly meetings on Tuesday and Thursdays from 2:30 till 3:15 in the afternoon.

Due to the fine and dedicated guidance of Messrs. Duval and Neron, members were able to cover and master the following curriculum:

1. Multiplication
2. Division
3. Multiplication and division combined
4. Squaring of numbers
5. Square roots
6. Cubing of numbers
7. Cube roots
8. All seven steps combined

Members this year consisted of Paul LeBlanc, Richard Viveiros, Stephen DeCoffe, Thomas Bibby, Wayne Rebello and Richard Pauline.



# Glee Club

The Glee Club is now in its eighth year. Average membership in the club is thirty-six. The girls meet every Tuesday afternoon from 2:00 to 3:00 p.m. for practice under the direction of Mr. Herbert H. Bowker.

The club performs at special assemblies throughout the year.

# *Nursery School*

The Nursery School is under the supervision of Mrs. Thelma M. Bagley. This activity has been operating as an accepted part of the girls' program for over a quarter of a century. It has grown from a one-morning session per week to four morning sessions. Each session lasts from 8:30 a.m. to 11:15 a.m. The program is so arranged that ten children come to the school each day to participate. These children are observed by three or four girls from the junior class.

Observations of behavior patterns and developmental traits are seen in the children's activity periods of free play, music, and rhythms, creative work with clay, lunch time, and story time.

# Chemistry

Chemistry is the science which studies matter with regards to its composition and changes in composition and energy associated therein.

It provides a unique path towards the accomplishments of the general and specific educational goals of our youth which are: the better understanding of their scientific environments, the ability to think logically, the ability to express themselves clearly, and lastly, preparation for further knowledge.

With this in view, we at Vocational High, beleive that our students will come to benefit increasingly, by the study of Chemistry taught as a related and elective subject.

The attainment of such a scientific literacy abounds in benefits, ranging from consumer education to the maintenance of sanity in a world plagued by atomic fallout and "miracle" products.

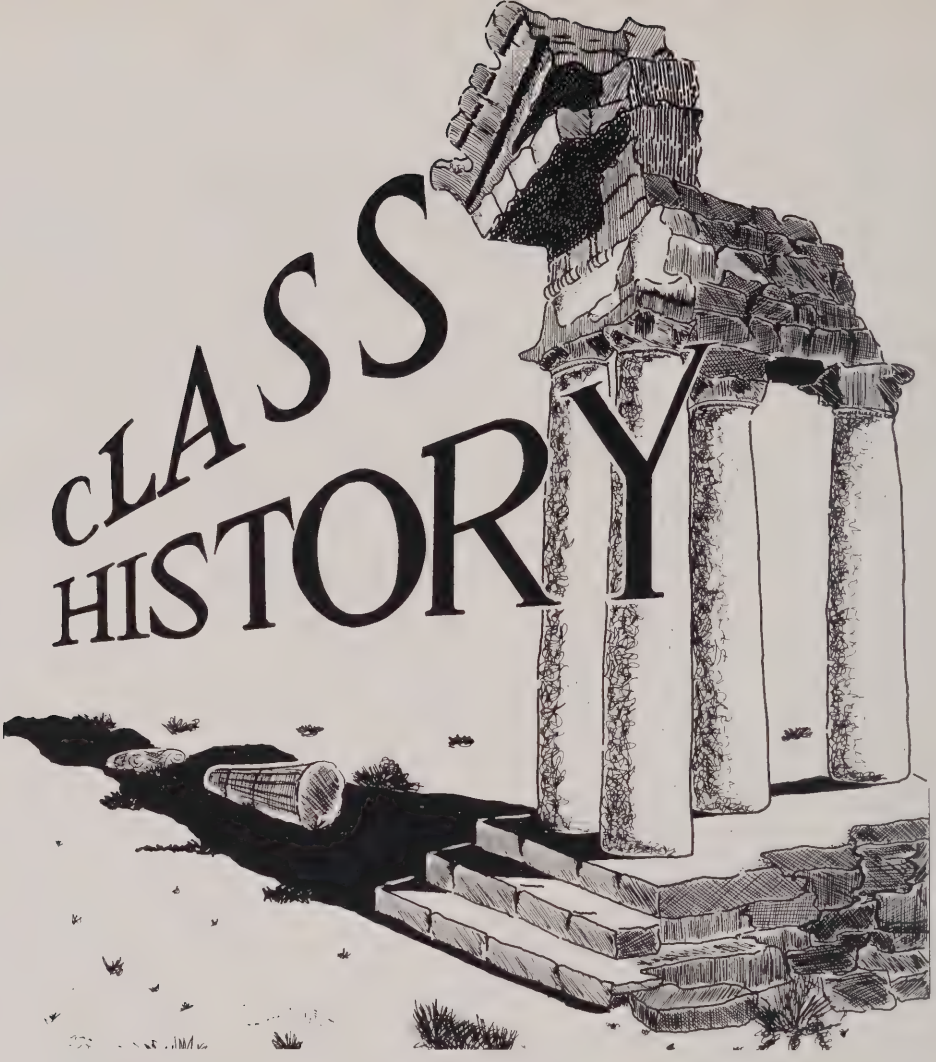
# CLASS HISTORY



If our four years at Vocational High were to be told as a play, it would unfold something like this. As the curtain rose, it would be a bright September day, 1961. A new class of Freshmen both nervous and shy, excited yet reserved, are assembled together to hear Mr. Janiak welcome them to their new school and tell them that they can hold their heads as high as any student body in the Commonwealth of Massachusetts, that their's is a "good" school and that it was their responsibility to carry on its traditions and live up to its reputation. Then came the Freshman Dance sponsored by the Junior class, the way of welcome from the "upperclassmen" to their younger and more inexperienced confreres. At this dance, Bettly Tuttle was named the first queen in the history of our class. Kathy Mason and Lucille Duboise were her ladies-in-waiting. The rest of that first year so well begun, would be a million and one little incidents and stories of adapting to new classes and teachers and fellow students, strange tools and humming machines and the smell of oil or cooking lingering the corridors, mingles with the noises from sewing machines or the beeps of horns and clanging pipes. This would be the most of that first act, how it all began and how it ended.

As the curtain rose for the second time, it would rise on a new crop of Sophomores and as the word Sophomore itself implies, a bit wiser than a year ago. We have mastered the basic steps in preparation for the various trades we have chosen to be our life's work. And now we make another one year fumbling step towards our goal. It was in this same year that the Sophomore girls heard a series of lectures on Marine Biology by Colonel Clark and the never to be forgotten field trip that followed. And for all the many and minute details of that year the curtain would fall again and already half our stay at Voke would be over.

With the third act, we find ourselves upperclassmen. Our first class activity was to elect our class officers with the usual fanfare and bustle supervised by the kindly watchfulness of our advisors, Mrs. Roderick and Mr. Almeida. In the end James LaFleur became president; Norma St. Gelis, vice president; Wilfred Fournier, treasurer; and Paul Geranimo, secretary. It was in this year also that we had to return a favor once done to us, that is, welcome a new crop of Freshmen. We did it with Junior-Freshmen Dance; enjoyed by all. We all have warm memories of the trip we took that year to the "Ice Follies" and our first formal dance, the Junior Prom. Candy Durocher and Wilfred Fournier were crowned king and queen of the ball and Susan Barros with June Lade became ladies-in-waiting. The year was topped off by an outing at Cathedral Camp and with the sun setting on that soon to be summer day this third and most wonderful year ended.

For the fourth and last time, a new act at Voke begins. In the elections for class officers, supervised by Mr. Barrett and Miss Cronin, Wilfred Fournier is elected president, Kathy Mason, vice-president; Bernie Greenwood, treasurer; and Jo Ann Sansoucy, secretary. The first formal affair of this year's season was the Senior "Holiday Dance". In February came the "Sweetheart's Ball". At the annual Senior banquet most everyone attended and because of this we could term it a success as well as a good time all around. It was also a year to treasure a new memory, that of the Senior girl's trip to New York.

And so in the twinkling of an eye the final act is almost done. The Senior Prom and Graduation Day. The final words of Mr. Janiak saying good-bye, and all the welled up feelings of its listeners, a last look around, a last remembrance of all the old familiar names filing upward on the stage to receive their diplomas, knowing that all these years made us prepare to face the future with the skills, knowledge, and experience learned, knowing not quite why we feel regret yet feeling it, and so we march in long and solemn files away, and the curtain falls.

# Class Will

We, the members of the class of 1965, of New Bedford Vocational High School, City of New Bedford, Bristol County, Commonwealth of Massachusetts; being of sound mind and memory, do hereby solemnly make our last will and testament.

We, collectively and individually, bequeath the following:

To. Mr. Janiak we leave our sincere thanks for his wise counsel and unfailing assistance during our four years at Vocational.

To the faculty, we leave our deep appreciation of their efforts to give us a clear outlook on life.

To the Juniors, we leave the hope that they will enjoy their Senior Year as much as we did.

To the Sophomores, we leave the anticipation of becoming upperclassmen.

To the Freshman, we leave the prospect of four happy years at Vocational.

Richard Resendes leaves all the chairs in the gym to Mr. Harrison.
Pat Sylvia leaves track shoes to the next J. A. reporter.
Sonia Zalewski leaves the job of hanging dummies.
Elaine Morris leaves everything that's too big to carry.
Ruby Sylvia leaves her brain to the chemistry deprtment.
Dolores Silva leaves without a red cent.
George Crowther leaves Mr. Demoranville happy.
Barry Miller leaves nothing; being of sound mind. He's taking everything with him.
Janice Therrien leaves to go the Valley of the Jolly Green Giant.
Rosalie Durocher leaves Mr. Cambra's paint brushes "clean".
Peggy Dexter leaves her megaphone to next years head cheerleader.
Joseph DaSilva leaves Mr. Lorenzen a face mask for dodging foul balls at the Junior Class Outing.
Mr. Rogers leaves his thanks to the student body for making his three and one-half years at Voke happy ones.
